## 5. FB ORCHARDS[20]

5.1 There are two types of orchard ([B14.](#)) hexes on the FB map; out-of-season Orchards (EX: OO26) and Dense Orchards (EX: EE37).

5.11 OUT-OF-SEASON ORCHARDS: Any hex containing four brown leafless depictions is considered an out-of-season Orchard ([B14.2](#)). All out-of-season orchard rules apply normally.

5.12 DENSE ORCHARDS: Any orchard hex with dark green orchard artwork is considered a dense orchard hex. All in-season orchard rules apply to such hexes, except that a dense orchard also has a +1 TEM, its MF/MP costs are double those of an Orchard, and it is never out-of-season; vehicles may gain WA ([B9.32](#)) in a dense orchard hex.
